Introducing the BlackBerry Curve 9320

The BlackBerry Curve 9320 is a stylish, new smartphone for socially-connected customers featuring all of the core BlackBerry messaging and social-centric features that keep people connected, and it offers global 3G connectivity backed by long battery life to allow users to make the most of their day and make each moment count.

For reviewer's use only. Not for publication.

Product Overview

Get even closer to the world around you.

The BlackBerry Curve 9320 is designed to be easy to use and easy to own and has everything a customer needs to stay socially connected to the people and things that matter most to them. It features a dedicated BBM key, bringing the power of RIM's popular mobile social network up in an instant. The Facebook® for BlackBerry and Twitter® for BlackBerry apps are included as well as Social Feeds, which allow users to post updates to multiple social applications simultaneously and capture updates from news sources (RSS), social apps and instant messaging apps all in one consolidated view.

Key Features:

- Slim, stylish design with 3G connectivity
- Dedicated BBM key
- BlackBerry 7.1 OS which supports the full complement of BlackBerry services
- FM Radio
- 3.2MP camera with flash and video
- Built-in Wi-Fi® and GPS
- Best in class QWERTY keyboard for quick and easy typing
- Longest lasting battery yet in a 3G Curve model

Navigation (Optical Track Pad and Hard Keys)

When using the new BlackBerry Curve 9320, navigate using the optical Track Pad which is ideal when fine navigation is required for curser selection and refined editing.

Press the **Send** key to open the Phone application or to answer an incoming call.

Press the **End** key to return to the Home Screen, or to end a phone call.

At any time, press the **Menu** key to view available actions. Press and hold to multitask between open applications.

Navigate by sliding your finger on the Track Pad. Make a selection by clicking.

To return to a previous screen at any time, press the **Escape** key.

Tutorial Videos

For more information on navigating BlackBerry 7.1 OS, a variety of tutorial videos are preloaded on BlackBerry smartphones. Access these videos by selecting the **Setup** icon on the **Home Screen**, scrolling down to **Help & Tutorials**, and selecting the **Tutorials** icon.

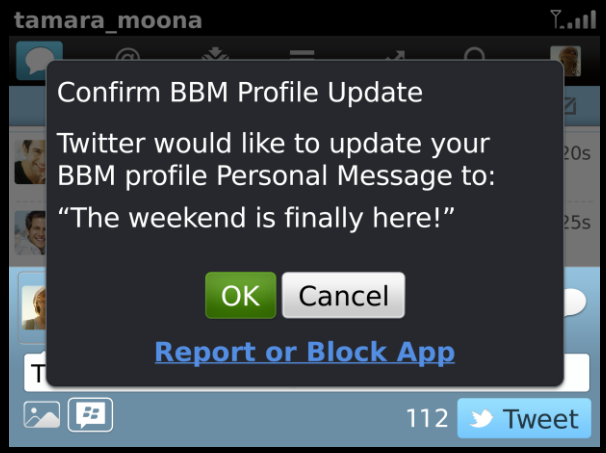
BlackBerry Messenger 6.2 and the dedicated BBM key gets you chatting in no time

BlackBerry Messenger 6.2* offers a polished, enhanced and more personal experience. It includes a new selection of animated avatars, a simpler way of updating one's personal message in their profile, and now allows users to quickly send voice. And supported by BlackBerry 7.1 OS, BBM features are built right in to many of your favorite apps like Facebook, Twitter, BBM Music just to name a few so you can share your Facebook status update, your latest Tweet or chat with your BBM friends while you're in the app.



The BlackBerry Curve 9320 also features a dedicated BBM™ key located on the side of your smartphone, bringing the power of the mobile social network up in an instant, so you can share a picture you just took or start up a chat with anyone in your BBM community.

Staying in the loop is easier than ever!

Getting to know your BlackBerry Curve 9320

FM Radio

Tune into your favorite FM radio stations on the spot, right from your BlackBerry Curve 9320 smartphone, without requiring a data plan or using data services. By selecting the built in FM Radio, local news and music are now at your fingertips, so staying updated and knowing what's going on in your community is incredibly easy, even when you're on the go.

You can use the FM Radio to listen to radio stations on your BlackBerry smartphone. To open FM Radio, on the **Home Screen**, click the **Media** icon and then **FM Radio**.

Note: You must have wired headphones plugged in to your smartphone to use the FM Radio. The headphones act as an FM antenna.
